Stephanie Fernung, President, Rotary Club of the Villages Foundation states "The local area clubs are collecting funds through our club foundation and connecting with Rotary clubs affected by the war. The foundation donates the funds directly because we feel that the club leaders and members in

Ukraine know best what is the most dire need at any time. Working with Rotarians we have no worries that the funds are used properly. I would like to personally thank SMASH Productions for reaching out to The Rotary Club of The Villages Foundation and assisting us with reaching people in need!
